1 **General Provisions on the Handling of Dangerous Goods as Cargo**

1.1 Mandatory Notification

Port Authority has to be notified when Dangerous Goods will be handled.

Requirements of notification, see annex A.

This notification has to be done at least 24 hours prior to the operations.

1.2 Licence for terminals

Terminal operators need a licence for handling Dangerous Goods.

Requirements for the licence are listed in Annex B.

2 Extra, Dedicated Provisions

In addition to the general provisions, extra requirements are in place:

2.1 IMDG

When handling packaged goods, the IMDG Code will be followed.

2.1.1 Class 1, explosives

In addition, when handling Dangerous Goods Class 1:

2.1.1.1 Transport licence

A transport licence shall be obtained.

2.1.1.2 Notification

The permitholder will notify the Governmental Authorities and the Port Authority a least 72 hours prior to the scheduled handling.

The notification will include the number of the transport licence.

2.1.1.3 Fire watch.

A fire watch is mandatory.

2.1.1.4 Quantity and safety provisions

Quantity and safety provisions to be applied are incorporated in Chapter 10 Section 4 of DSA03-QME from the Ministry of Defence (defence safety authority).

2.1.1.5 Passengers of harbor craft carrying explosives

Passengers shall not be transported on harbor craft carrying explosives.

2.1.2 Class 7, radioactive substances

In addition, when handling Dangerous Goods Class 7:

2.1.2.1 Permit

A special permit for handling class 7 product has to be obtained by terminals.

2.1.2.2 Transport licence

A transport licence shall be obtained.

2.1.2.3 Notification

The permitholder will notify the Governmental Authorities and the Port Authority a least 72 hours prior to the scheduled handling.

The notification will include the number of the transport licence.

Document Classification		Rev. 01
Not Restricted		Date: 1 st Feb. 2024

2.1.2.4 Handling

Class 7 goods cannot stay on the quay of truck when handled. The loading unloading will proceed direct without any delay.

Exemptions to this rule can be granted by the Harbor master with a maximum of 48 hours.

2.2 Dangerous Goods in Bulk

2.2.1 Liquid Bulk

If a vessel carries different cargoes, the provisions applicable to the cargo with the most stringent safety provision shall apply for all cargoes.

2.2.1.1 Ship to ship cargo transfer

Ship to ship cargo transfer will follow the principles, conditions and requirements laid out by the Ship to ship manual of PODC.

Master of vessels and terminal operators are to be guided by the ICS/OCIMF STS Transfer Guide.

2.2.1.2 Tankers at non-tanker berths

Cargo operation on board tankers at non-tanker berths may only be performed under the provisions and with the permission of HMO.

2.2.1.3 Notification

The permitholder will notify the Governmental Authorities and the Port Authority a least 24 hours prior to the scheduled handling.

2.2.2 Solid Bulk

2.2.2.1 Notification

The permitholder will notify the Governmental Authorities and the Port Authority a least 24 hours prior to the scheduled handling.

2.3 Terminals

Yearly terminals will submit to HMO:

- Overview of emergencies, incidents and near-misses;
- Overview of trainings and drills on emergency plan;
- Overview of appropriate handling equipment for the cargo concerned.

3 Annexes

3.1 Annex-A: Requirements for mandatory notification.

Mandatory information to be included in the Dangerous Goods notification:

Used codes

M : Mandatory

C: Conditional (mandatory when applicable)

O: Optional

X: Not used / Not applicable

Information	Notification
Unique DPG notification reference	M
ID Notifying Party	M
Other Responsible parties	
Freight forwarder	M
Shipping agent	M
EMR information (not mandatory)	O
ID Shipper (Name & Address)	O
ID Consignee (Name & Address)	O
Handling	M = Discharge / Transit cargo
Location (Handling location)	M = Handling location
Information regarding the goods	
a) Applicable DG Regulation (IMDG, IBC, IGC, IMSBC, MARPOL ANNEX I CARGO)	M
b) UN Number (if assigned)	M
c) Proper shipping Name – supplemented by the technical name if applicable	M
d) Hazard class (as per applicable DG regulation)	M
IMDG cargo: IMDG Hazard class	C
IBC cargo: S, P, S/P (safety hazard, pollution hazard or both) cfr. Chapter 17 of the IBC code	C
IGC – code: IMDG Hazard class (2.1 - 2.2 - 2.3)	C
IMSBC cargo: IMDG Hazard class or MHB (Material only hazardous in bulk)	C
MARPOL Annex I cargo: I	C
Subsidiary hazards (Only applicable for IMDG cargo: IMDG subsidiary hazard class when assigned)	C
f) Packing Group (for IMDG cargo, if assigned)	C
h) Limited qty – excepted qty indicator	C
i) Net Weight (mandatory)	C
k) NEQ Weight (only for explosives)	C

l) Flashpoint (mandatory for class 3 substances or substances class 3 as a subsidiary hazard)	C
m) Marine pollutant indicator + Name of the marine pollutant substance	C
n) Additional radioactive information for class 7 cargoes:	C
i. Activity	C
ii. Transport Index	C
iii. Criticality Index	C
iv. Id Radioactive Isotope	C
o) Outer package (type and number) - Mandatory	M
p) Inner package (type and number) – Not mandatory	O
q) Container number	C
r) Transport license (e.g. for class 1/ class 7)	C
Stowage position of the DG on board (bay row tier, tank number, hold number, ...)	O
Location at short-term storage facility	X
Date and time of handling	
ETA	M
ATA (actual time of arrival)	
ETD	M
ATD (actual time of departure)	
Transport Information	
Inbound means of transport / arrival of the DPG	
Mode of transport (Truck – Barge – Sea Going Vessel)	M
Additional Sea Going Vessel Information:	
• Name of the vessel (if applicable)	O
• IMO number	M
• Port Stay Reference (only for sea going vessels)	M
• Voyage Number (only for sea going vessel)	O
Additional Barge information	
• Barge Name	O
• Barge ID number:	M
Outbound means of transport	
Mode of transport (Truck – Barge – Sea Going Vessel)	M
Additional Sea Going Vessel Information:	
• Name of the vessel (if applicable)	O
• IMO number	O
• Port Stay Reference (only for sea-going vessels)	O
• Voyage Number (only for sea-going vessel)	O
Additional Barge information	
• Barge Name	O
• Barge ID number:	O
